Did you know that **three out of four** elementary and middle school **students have been bullied?**

When it comes to bullying prevention, one of the greatest challenges is distinguishing between what is and isn't bullying.

Whether a student is being harmed physically or with words, parents and caregivers must be equipped to help their children identify and cope with bullying behavior while taking the necessary measures to make sure it stops.

Information, Tips, and Activities to Address and Prevent Bullying Behavior

Bullying facts: Did you know?

- It is hard to stand up to a bully, because you may think the bully is stronger or braver than you are. But the truth is, usually the bully is not very confident inside.
- Kids think that telling an adult about a bully is "tattling." It is not. It is the right thing to tell an adult.
- Every 7 minutes, someone is bullied on a school playground.
- Bullying can happen in any grade – even kindergarten.
- Kids who see bullying may keep quiet because they are afraid they will be bullied, too.
- Kids who bully others think it will help them be "cool" or fit in – it doesn't.
- Remember: **bullying is NEVER okay!**
- According to a survey of 1,500 students, half said they have seen someone else being bullied.
- Kids who are bullied are twice as likely to feel afraid to go to school.

WHAT BULLYING IS NOT

Q: Are there different kinds of bullying?

A: Yes, there are four kinds:

- 1. PHYSICAL** – hitting, kicking, biting, pushing; also taking someone's stuff
- 2. VERBAL** – name-calling, teasing, making fun of a person
- 3. EMOTIONAL** – telling lies about someone; spreading rumors; excluding someone
- 4. CYBERBULLYING** is a type of "emotional" bullying. Cyberbullying happens online when someone posts something mean or embarrassing about another person on Facebook, for example; or when someone spreads lies through email or text messages.

SOCIAL-EMOTIONAL

A Unique Social-Emotional-Academic Program

Cloud9World

Cloud9World is a unique and innovative social-emotional learning program that integrates literacy as the vehicle for teaching character strengths. Through engaging stories that feature fun animal characters, students recognize, acquire and strengthen positive character traits, and build the capacity to make wise choices for a well-rounded life.

HOW IT WORKS:

Every month the whole school focuses on one character trait. Students learn about these traits naturally through reading about fun animal characters in relatable situations. By saturating the campus with everything from t-shirts to stickers, buttons to banners, and posters to curriculum, Cloud9World furnishes everything needed to involve the whole school community. Eventually, students, teachers, administrators, support staff and parents all begin to recognize the character strengths from the books and act to support the program's lessons.

- ✓ Engaging student materials like books, videos, online games, posters, banners, and much more
